Northwest Federal Credit Union Offers New Real Estate & Home Rebate Program

Program participants have access to the same database Realtors use and can receive up to a 1% rebate on the buying or selling price of their home

Herndon, VA – Northwest Federal Credit Union (NWFCU) has partnered with CU Realty, a real estate and home rebate program designed to assist credit union members throughout every step of the home buying and selling process, while giving homeowners the opportunity to receive up to a 1% rebate on the sales price of the home.

CU Realty, a network of experienced professional real estate agents and customer service professionals, provides members-only access to a unique web portal designed to give home buyers and sellers more involvement in the process. CU Realty's series of online tools helps buyers and sellers make their own decisions, instead of relying solely on a real estate agent's research when searching for a new home. Tools include: unrestricted access to the same home listing database real estate agents use; a "report card" on local schools, complete with student-teacher ratios, class sizes and special programs; neighborhood demographics and maps; and, best of all, a rebate of up to 1% of the sales price if the home is bought or sold through a local approved real estate agent.

According to Colleen Daly, NWFCU's Mortgage Manager, local Realtors are eager to participate in the program as "approved agents" because the CU Realty portal brings them educated, market savvy buyers and sellers. "The time-and money-saving benefits of the program combine perfectly with our competitive mortgage rates to make NWFCU a one-stop, real estate resource for our members," said Ms. Daly.

"By partnering with CU Realty, we're putting our member in the driver's seat when it comes to buying or selling a home," said Juri Valdov, NWFCU's President and CEO. "CU Realty gives our members more control of their house hunting with a wealth of comparable sales data to make an informed decision, all while earning a significant rebate."
